

## About Me

I have loved music since childhood. I began playing the piano at the age of 4 and after a back injury became a vocalist. I graduated from Lander University in 2004 with a Bachelor's of Arts in Music Education. I am a former Minister of Music. I currently work as an Activities Director. I have written, directed and produced two of my own Cantata's while serving as Music Director. In addition to these accomplishments I am a vocalist, music historian, genealogists, lecturer, and writer. I also teach private piano and voice lessons. To set up private lessons email or call me at 864-551-3509.
